

## Early Learning Rhythms and Rhymes Guidebook: Winter (Early Learning Rhythm and Rhymes) (Volume 9)

This Guidebook is an accompaniment to the MeComplete! Early Learning Rhythms and Rhymes: WINTER curricula set. It provides a guide for how to use rhythms, rhymes, finger plays, and songs to build vocabulary, motor, cognitive, and many more skills. The WINTER set of the MeComplete! Early Learning Rhythms and Rhymes enhance a child's curiosity regarding the many delightful interests of winter. Winter is full of textural and sensorial delights: Snow, ice, wind pinecones, pine trees, and much more. Children take notice of the world around them and rhymes, rhythms, and songs can help them make sense of seasonal changes and events. The Me Complete! Early Learning Rhythm and Rhymes WINTER set will enhance your teaching and children's learning! In addition, it links the learning posters to learning goals for each age group as well as how they support the program in meeting ITERS (Infant Toddler Environmental Rating Scales) criteria. In addition, activity suggestions to extend and expand learning such as art, sensory, and exploration are provided. The accompanying posters can be purchased at [www.earlylearninginnovationsllc.com](http://www.earlylearninginnovationsllc.com).
