

Book of the Unicorn

Though the legend of the Unicorn is shrouded in mystery, it continues to seize the imagination and inspire artists-as it has for millennia. At last, there is a magnificent volume that gathers all that is known about these sublime creatures. Filled with remarkable illustrations by Linda and Roger Garland, this definitive study charts the mythology of the Unicorn through the ages and in different civilizations, and explores both the myths as well as documented sightings. A wealth of beautiful paintings capture both the ferocious nature and the mystic isolation of this ethereal animal, bringing it fully to life. A treasure for anyone who seeks to know and understand the Unicorn.
