

The Kremlin and the Schoolhouse: Reforming Education in Soviet Russia, 1917-1931 (Indiana-Michigan Series in Russian and East European Studies)

... an exciting, first-rate contribution to our understanding of Soviet history on several levels... and the relationship between tsarist and Soviet educational policies and practices. ?Ben Eklof Larry E. Holmes book is a fine, expert study of a difficult topic. ?The Historian... this first-rate work definitely points the way toward a new understanding of the Soviet Union in the 1920s. ?Journal of Modern History... a succinct and original study of early Soviet education and an engaging disaggregation of the convoluted relations among ideology, politics, and social reality in a revolutionary society... This well-researched, innovative, and insightful study is required reading for any serious student of early Soviet history. ?The Russian Review... elegantly written, a pithy fast paced, and interesting book... ?East West Education Larry Holmes examines Soviet school policy from 1917 to 1931 in its ideological, political, institutional, and social dimensions.
