

Changing Class: Education and Social Change in Post-Apartheid South Africa

In the post-1994 period, some of the most visible and dramatic movement has happened in the field of education and education policy. This broad-ranging compilation brings together a vibrant and compelling set of studies which tackle key education issues. Leading scholars and exciting new writers offer a frank and challenging review of issues such as school integration, private schooling, language policy, curriculum development, assessment, teacher education, and unions and adult basic education.
