

## Descartes et Spinoza (1923) (French Edition)

Ils ne sont pas nombreux ceux qui oseraient repeter, aujourd'hui, la parole de Hegel affirmant que l'histoire de la philosophie manifeste les degres de levolution de lesprit. Les historiens contemporains de la philosophie traitent de haut les constructions abstraites de ce genre. Ils veulent etre avant tout des historiens, cest-a-dire ra-conter avec veracite ce qui est arrive , et rejettent davance toute premisses capable dentraver la liberte de linvestigation.
