

Conceptual Constellations: Constellating Story and Archetype (The Constellated Field) (Volume 2)

Once upon a time... Magical words that herald the promise of a story a fairytale, a myth, a legend, or a family story. We make sense of our existence from the stories weve listened to, watched on film, or chosen to read, but no story has greater impact on the soul than our familys story. In this jewel of a book, you are in the hands of a masterful storyteller. Joy Manne reminds us that we tell stories because we live in stories. Philippa Lubbock
