

Instead of examining the impact of media on society, this book explores the impact of society on media. How do communities affect the way media build different issue perspectives or frames? The book adopts a unique community structure approach, using modern national databases, to link selected city characteristics and nationwide newspaper reporting on critical issues.

Communication in Context: Critical Incidents for Raising Cultural Awareness (Culture, Context, Communication Book 2), The Quest for a Radical Profession, Making Sustainability Work Best Practices in Managing and Measuring Corporate Social, Environmental and Economic Impacts by Epstein, Marc J. [Berrett-Koehler Publishers,2008] (Hardcover), How To Start Home Schooling Your Children, Native American Testimony: An Anthology of Indian and White Relations : First Encounter to Dispossession (Harper Torchbooks),
