

# International Affairs

In INTERNATIONAL AFFAIRS, author Davis K. Thanjan analyzes the current affairs of all nations around the world, with special reference to U.S. foreign relations. U.S. foreign policy is interpreted in relation to the present geopolitical, military, and economic developments occurring around the world. The international relations of the world's countries will shape the transnational politics, trade, war, and peace in the years to come. Examining the current affairs of the world help us to think outside the box, go beyond the borders, and expand our horizons.
