Matsue kimono time is the Matsue sightseeing project. The plan which introduces a famous place in Matsue-shi, Shimane with a picture of the kimono girl. This Matsue kimono time was developing on the web mainly so far, but Im going to issue it as an electronic photograph collection this time from the thought could that more people see it. A theme in the first time, Matsue Castle in early summer. I took a picture at the beginning of May when fresh green is a season. An azalea and NANJAMONJA (HITOTSUBATAGO) were in bloom at Matsue castle. Please enjoy the fragrance of Matsues early summer with a picture. (17 photos) ??:?? ??(?????????)
