

Sussex Folk Tales

These lively and entertaining folk tales from one of Britains most ancient counties are vividly retold. Their origins lost in the oral tradition, these stories from Sussex reflect the wisdom (and eccentricities) of the county and its people. Sussex has a rich and diverse collection of tales, from the stories of dragons lurking in bottomless pits and screaming demons hiding under hills to legends of witches, wisewomen and ghosts. These stories, illustrated with original line drawings, bring alive the landscape of the countys rolling hills and dramatic coast. Mike OLeary is a professional storyteller who has been travelling the country retelling traditional folk tales for almost twenty years.
