

## Englands Outpost: The Country of the Kentish Cinque Ports (Classic Reprint)

Excerpt from Englands Outpost: The Country of the Kentish Cinque Ports This volume is in effect a sequel to my former one, An Old Gate of England, dealing with Rye and the Western Cinque Ports, in that the Author was no little moved to its accomplishment by the kind reception awarded to its predecessor. The two together cover the whole Cinque Port littoral which might indeed fairly claim a common share in the brief title inscribed on this second volume.
