

The Nuts, Kooks and The Crazy. A Tale of Love, Lust, Betrayal & Murder in my travels Across America Just kidding. The story is about a bunch of kooks & nuts I've met living in various places, traveling around the country while running into idiots. Mind you, this is nothing but pure D-assed gossip, rumor, speculation and what I can remember to the best of my recollection. Pay close attention to what I am about to tell you, but don't get too wound up on the details. Alright? I make stuff up all the time. Its hilarious! By Steven Hough
