Writing for the Mass Media offers clear writing, simple organization, abundant exercises, and precise examples that give students information about media writing and opportunities to develop their skills as professional writers. With a focus on a converged style of media writing, and converting that style into real work, this ninth edition maintains its classic and effective text/workbook format while staying ahead of the curve and preparing students for their future careers.

MyCommunicationLab is an integral part of the Stovall program. MediaShare allows students to post speeches and share them with classmates and instructors. Interactive videos provide students with the opportunity to watch and evaluate sample speeches. Online self-assessments and pre- and post-tests help students assess their comfort level with public speaking and their knowledge of the material.
