

See Me is the fourth book in the series of beginning readers from ReadingTeacher.com. New Word in Book 4: me The 80 books in the series use systematic phonics to ensure that your beginning readers will get a great start in reading proficiency. The books begin at a very simple level and gradually introduce new sounds and words until students have mastered all 44 phonemes (sounds) in the English language. The books should be read in order, because the sounds and words in each book build upon those learned in previous books. It is important that students master each book before moving on to the next. Each new word throughout the program is repeated at least 5 times in the book in which it first appears and 5 more times in the next 10 books. Story Summary: Mat the Rat keeps shouting to Sam to look at him, but all Sam wants to do is sleep. Mat finally wakes up Sam by beating a big drum. Sam is very mad and chases Mat away
