

The Multigenerational Workplace: Communicate, Collaborate, and Create Community

Bridge the generation gap and achieve outstanding results! Age-related misunderstandings don't arise just between teachers and students in some schools, staff from four generations might work side by side. In this book, based on a popular workshop, educators can learn how to look past generational filters to improve communication and reap the benefits of collaboration. Focusing on the major contexts of recruitment, coaching, professional learning, and succession planning, the book offers: Tools, checklists, and recommendations for professional learning that meets multigenerational needs Professional development activities that cultivate understanding of generational differences and strengthen workplace culture Real-life stories and case studies
