

Using Stories to Teach ICT Ages 6 to 7

Using stories to teach ICT is a new, excellent series of four books that will make the teaching of ICT a more exciting and creative cross-curricular experience. The aim of the series is for ICT to be presented in a format that shows how information technology is used in our everyday lives and demonstrates ways how ICT skills can be taught and extended while linking to a wide variety of other subject areas of the curriculum. Ages 6-7 contains: 6 fun and original stories, detailed lesson plans, up to 4 worksheets with each lesson and activities to develop a range of ICT skills.
